GENERAL: The grading has been completed with blade work remaining to be completed. Culvert installation is completed. Base gravel has been placed with 80% of it being primed. They are placing the 3/4" CTS at this time. Asphalt Paving has been scheduled to start for the past several weeks, but they have not been able to determine the proper bin settings to meet the Job Mix Target gradations. Some problems have developed with the crushed stockpile gradations. Also, a new burner has been placed on the plant and this has not functioned properly, causing them to not be able to operate.
